**The Difference is in the Design**

LOCAL INTERIOR DESIGNERS OFFER INSPIRATION FOR EVERY SPACE

*With so many options for home décor available today, interior designers offer valuable insight into furniture scale, fabric and color selections, and finish options, among other services, to create inviting environments for both relaxing and entertaining throughout the seasons.*

*Interior designers work closely with homeowners, as well as remodelers and custom home builders, to make the design process run smoothly by offering creative and budget-friendly options for every space, from storage solutions to millwork to furniture placement.*

*These recent projects and custom products by interior design talent in the Washington, D.C., area present inspirational designs that incorporate homeowners' treasured items while also adding practical elements, beautiful pieces, and punches of color.*

**Marika Meyer** of Marika Meyer Interiors in Bethesda, Maryland, [meyerinteriors.com](http://meyerinteriors.com), worked with a local family to incorporate treasured items such as maps that Meyer framed and displayed on the wall behind the piano in their Georgetown rowhouse. In the same formal, yet kid-friendly living room, Meyer added her signature built-ins that not only organize a room, but also establish a focal point and storage solutions.
